We evacuated R7 and then the other residents to behind the fire doors. E14 C.N.A. took the fire extinguisher and put out the fire. On 10/2/2015 at 2:30PM, E16 C.N.A., verified the residents who were exposed to smoke and potential for harm and death as a result of the fire on 10/1/15 were: R3, R7, R8, R9, R10, R11, R12, R13, R14, R15, R16 and R17.</p> <p>On 10/6/2015 at 1:05Pm, E15 C.N.A. stated, "On 10/1/2015, I sat down to do my charting and the alarm went off. E12, Registered Nurse directed us (all available staff) to (R7's room). I felt the door to see if it was hot then opened the door and smoke started rolling out. The resident (R7) said, 'I have a fire.' We got the resident (R7) out of the room. I took the fire extinguisher from another C.N.A., who was struggling with the pin, and extinguished the fire. There was a flame, in the corner, by the outlet. It was hard to see because of all the smoke. After we got (R7) out of the room, I sprayed it again, just to make sure it was out. On 10/6/2015 at 11:20AM, Z3, local Fire Chief, stated, "It (the fire) could have been real bad. The space heater was plugged into an under rated extension cord that ran behind the dresser. There was a roll of packing paper behind the dresser. We are fortunate the extension cord melted beside the dresser instead of behind the dresser. It would have caught the paper, dresser and wall on fire." Z3 confirmed it would have been tragic and we all would have been there a lot longer if that had happened."</p> <p>On 10/02/15 at 2:35PM, E12 RN, stated he saw R7 had in his room and was using an space heater connected to an extension cord and did not remove it from use. E12 stated R7 said, "Administration knows I have it and said it was ok." E12 stated, "I took him at his word and left it (the space heater) there." E12 stated that he did not verify R7 's statement with facility administration.</p> <p>On 10/02/15 E1/Administrator and E17/Maintenance Supervisor both verified that they were unaware that R7 had a space heater or extension cord.</p> <p>On 10/6/2015 at 11:00AM, Z2, R7's daughter stated, "(R7) has had the space heater for a long time. He had it in the Shelter Care room. I am sure someone knew he had it because he used it all the time and they clean his room every day." Z2 stated she was R7's "responsible party " and has never been told R7 could not have a space heater or extension cord."</p> <p>On 10/7/2015 at 10:00AM, E1 verified the Shelter Care Room R7 resided in is attached to the building and is still licensed as a Shelter Care bed.</p>	S9999

R7 stated, "It was an accident. I have this heater because I get cold after my shower and at night. They don't turn the heat on around here until October 1st and I get cold. I knew I wasn't supposed to have it because another fellow (un-named resident) wanted one when I told him I had one (a heater). He tried to get one and was told "no". He told me I should not have one either. I kept mine though." R7 stated, "I saw the fire and tried to put it out with my hand." When asked if he was injured, R7 held up his hand which had a blister in the inside of his right index finger. R7 stated, "It doesn't hurt." At 10:30AM R7 stated he had "worked on" the cord because it did not fit into the extension cord right. Section 300.610 Resident Care Policies

a) The facility shall have written policies and procedures governing all services provided by the facility. The written policies and procedures shall be formulated by a Resident Care Policy Committee consisting of at least the administrator, the advisory physician or the medical advisory committee, and representatives of nursing and other services in the facility. The policies shall comply with the Act and this Part. The written policies shall be followed in operating the facility and shall be reviewed at least annually by this committee, documented by written, signed and dated minutes of the meeting.

Section 300.1210 General Requirements for Nursing and Personal Care

b) The facility shall provide the necessary care and services to attain or maintain the highest practicable physical, mental, and psychological well-being of the resident, in accordance with each resident's comprehensive resident care plan. Adequate and properly supervised nursing care and personal care shall be provided to each resident to meet the total nursing and personal care needs of the resident.

d) Pursuant to subsection (a), general nursing care shall include, at a minimum, the following and shall be practiced on a 24-hour, seven-day-a-week basis:

6) All necessary precautions shall be taken to assure that the residents' environment remains as free of accident hazards as possible. All nursing personnel shall evaluate residents to see that each resident receives adequate supervision and assistance to prevent accidents.

Section 300.2210 Maintenance

b) Each facility shall:

3) Maintain all electrical cords and appliances in a safe and functioning condition.

Section 300.3240 Abuse and Neglect

a) An owner, licensee, administrator, employee or agent of a facility shall not abuse or neglect a resident.

This will be accomplished by:

- I. All resident rooms will be inspected to determine safety risk related to electrical and environmental hazards. All safety hazards will be immediately rectified.
- II. All policies and procedures related to resident safety and electrical safety will be evaluated and revised as needed to ensure compliance with Illinois Skilled Nursing and Intermediate Care Facilities Code. The facility will develop and implement an action plan for staff to follow when prohibited electrical equipment is discovered in the facility. The facility will develop and implement an action plan for notifying residents and families of prohibited electrical equipment.
- III. The maintenance department will conduct monthly checks for electrical hazards. All facility staff will remain alert to safety risks related to electrical hazards and immediately rectify identified hazards. The facility will consult with the manufacturer and/or supplier of electrical equipment in resident's rooms to ensure effective operation and maintenance.
- IV. All facility staff will be in-serviced on policies and procedures pertaining to resident safety, electrical safety, how to identify an electrical hazard, appropriate actions to take when an electrical hazard or prohibited electrical equipment is identified, and action plan for notifying resident/resident families of prohibited electrical equipment.
- V. Documentation of in-service training, inspections, policy and procedure review and development, and related follow up actions will be maintained by the facility.
- VI. The Administrator and QA committee will monitor items I through IV to ensure compliance with this Imposed Plan of Correction.

COMPLETION DATE: Within 10 days of receipt of this notice.
